POSTPONED DOMINION DAY SPORTS BEING HELD TODAY

18 Events—55 Individual Athletes—161 Entries

THE BIGGEST MEET IN ALBERTA IF DAY IS FINE

RED DEER BUILDINGS NOW IN PROGRESS

Alberta Ladies' College \$50,000
Municipal Buildings 12,000
St. Luke's Parish Hall 10,000
Hospital Additions 12,000
Exhibition Buildings 10,000
South School Building 4,000
Besides about a hundred splendid
residences in all parts of the town.

The Merchants Bank will build a
splendid brick block with stone front
near Gaetz-Cornett's Drug & Book
Co's store.

E. Michener will build an addition
to his block in the rear of the
Merchants Bank on Mann Street.

The Gaetz Company, Limited, will
build a three-story addition to their
block.

The new post office foundation will
be started soon.

The Red Deer Steam Laundry will
build to three stories with concrete
walls.

A nurses' home will be built by
the Hospital Board.

The Gaetz-Cornett Company will
occupy the whole floor space of their
block, and the building may possibly
be enlarged.

There is some talk of a new
theatre being erected, and several
new blocks are spoken of, but nothing
can be given out as yet.

DRAINING THE OLD CREEK BOTTOM

Action is being taken to do away
with the stagnant water in the old
creek bottom of the south end of the
town, which have been a menace to
health for some time.

The Health Board suspected the
spots and reported to the Medical
Health officer who, in turn, with the
Board, waited on the Commissioners
and asked that action be taken to
remedy the nuisance.

The Mayor promised to take the
question up with the town engineers.
This was done, and the engineers
reported to the Council Friday night
as follows:

That the first section of the creek
in the neighborhood of the old
creek bottom of Brook Street and Gaetz
Avenue can be drained into a dry
bed at a cost of \$200, namely, \$50
for draining and \$150 for filling.

That portion in the vicinity of
Munson Street and Gaetz Avenue
can be drained into Gaetz Avenue
sewer for \$450, \$150 for connection
with sewer and \$300 for filling.

The third depression could be con-
nected with sewer for \$50 and filling
\$80.

Contingencies, \$76.
The total cost of the work would
be \$836.

Owing to the fact that the third
depression is already drained by the
running creek, the expense would be
one hundred dollars less.

The Council, Saturday, inspected
the creek bed personally, and they
felt the section of the creek near
the Great West Hotel should also be
drained, and the engineers were as-
ked to furnish cost for that work
also.

This will be done at once, and
when ready the Council will likely
hold a special meeting to deal with
the question so that the good work
may be completed without delay.

Up-to-date Shop

The Rocky Mountain House Echo,
speaking of a former Red Deer boy,
says:

Our genial blacksmith, Mr. F. E.
Good, has now one of the most up-
to-date shops in the province. He
has lately put in a trip hammer and
a horse power gasoline engine to help
do the work, also a fan to help keep
the shop cool. Needless to say, Mr.
Good and his assistants are always
busy. Mr. Good expects in a few
days to unload a carload of black-
smith coal, hard wood and other
blacksmithing supplies to keep his
business going.

Just see Red Deer West.
Carron board, 50 games in one
worth while investigating.—J. C.
Brazier.

Drop in and see some of our new
burnt leather goods in our new store.
The prices are the lowest yet.—Par-
ker's Drug Store.

With fine weather the sports today
did fair to surpass anything held in
the province of Alberta so far as
entries and the best in the province
is concerned.

There are 18 events, and 55 indi-
vidual athletes taking part in the
161 entries.

The sports will commence sharp at
1.15, the hundred yard foot race,
being probably the most exciting
event of the day, will be first, and
every person should be on the
grounds sharp on time, as the events
must be run off as advertised.

The track is in splendid shape, and
there is nothing to prevent a splen-
did day's sport if the rain holds off.

In the evening a baseball match
will be played on the school grounds,
Larome vs. Red Deer, for 10 watch
fobs.

Later in the evening there will be a
monster bonfire, followed by the
monster bonfire, followed by the
greatest display of fireworks ever
seen in Red Deer.

The Citizens' Band will disburse
sweet music during the day and
evening.

POLICE COURT

At the Police Court, Saturday,
Justice Wallace sent Andrew La
Rogue down to Calgary for two
months for stealing a cheque from
his mother. He was given a \$15.00
cheque to cash, he to take \$15.00
out of it. He swiped the whole amount
and was leaving town by train
when he was arrested.

Joseph Spencer, another half breed,
was given a month in Calgary for
assaulting his mother by pulling her
hair, knocking her down and other-
wise abusing her, on Monday.

BANQUET TO THE RED DEER BALL TEAM

A number of the lovers of base-
ball, and friends of the Red Deer
team, tendered the team a splendid
banquet at the Windsor Hotel, Wed-
nesday evening of last week. Miss
Host St. Wilson provided a feast fit
for a king, everything that could be
desired was laid before the guests
and nothing was too good for them.

The proprietor, the chef and the ef-
ficient staff of waiters are to be con-
gratulated on the splendid layout
which was up to the usual high stan-
dard of efficiency of the Windsor
Hotel. Mr. Wilson, as one of the oldest
hotel owners in the province, always
provides a high class spread, of which
he may feel justly proud.

There were speeches, music, songs,
and a generally good time. Mr.
Thompson presided at the piano.
Mr. Johns, Mr. L. M. Gaetz, Mr.
Campbell, Mr. French and Mr. Jarvis
gave choice songs, while Mr. Clayton
contributed mandolin selections, and
a quartette, composed of "Bucky"
Holmes, "Mother" Dunn, "Tootsie"
Bliss, "Tar-paper" Gay, and "Side-
wheeler" Godfrey, gave a rattling
improvised song and chorus which
brought down the house. President
T. A. Gaetz in the chair and Sec-
retary LaFrance kept things moving,
while Mayor Weliver, Capt. Cottin-
ham, Mr. Botttrill, Mr. Payne, Mr.
Lord, Mr. Harry Wallace, Mr. W. L.
Gibson, Manager Chandler, Capt.
Mackin, Capt. Hurley, Mr. Horseshoe
and others contributed short and
fitting speeches. The manly conduct
and work of the Red Deer ball
players was highly praised, and Capt.
Hurley's gingery leadership was not
forgotten.

The Mayor highly commended the
sportsmanlike action of the Edmon-
ton captain and team in playing on
Saturday evening. In curling and
other sports it was a point of honor
to play on the square, and to try to
overcome any handicap which might
weaken one side, so as to give both
an equal chance as far as possible.
Edmonton knew that, with the likeli-
hood of Bassano playing and win-
ning two games in Calgary on Sat-
urday, Red Deer, through no fault
of their own, would have no chance
to win unless Edmonton played one
of the games scheduled. They gave
Red Deer the chance, and cheer-
ed Red Deer won or lost, the Red Deer
people would have been satisfied;
they would not have been satisfied if
Calgary and Bassano had played two
games on Saturday, while Red Deer
was given no chance to play.

Red Deer Lost Monday

In a closely contested game at
Calgary, Red Deer lost to Calgary
by 4-2 on Monday night. In the mid-
dle of the seventh the score was tied,
4-1, but the game was called on ac-
count of darkness and the score
reverted to 4-2, as it was at the
end of the 6th. Bliss was back on
the job, with Dickenson pitching,
and Calgary had Roach, a new catch-
er, with Standridge pitching. The
hits were about equal, six being
got off Standridge, and 7 off Dick-
enson, but the Calgary hits were a
little more opportune. Daniels got
both Red Deer scores, and was the
only Red Deer man to get two hits.
Both teams got a score in the first
round, and Calgary got another in
the second. Red Deer evaded up in
the third, but Calgary got two
more in the fourth. Red Deer got
two more in the seventh, but the
game was called as aforesaid.

Score by innings—
Red Deer 101000-2
Calgary 110200-3

Bassano and Edmonston tied in a
close game. The score by innings—
Bassano 010020-3
Edmonston 000030-3

There were no games here this
week, but the fans will have a fine
chance next week, as we will have
games here on five successive days.
Bassano plays here Monday, Tues-
day and Wednesday, and Calgary
plays here Thursday and Friday. It
appears as though Calgary is taking
the chances on this part of the
league, as they are getting several
new players and have not lost a
game as yet.

There was some talk of Bassano
dropping out last week, but they
have decided to stick it out. The
official averages of the Western
Canada League for the first of the
week are just out, and show Red Deer
team to be first in fielding and sec-
ond in batting averages. Bassano
was first in batting but last in
fielding.

COUNCIL MEETING

The regular meeting of the Town Council was held Thursday evening last, His Worship Mayor R. B. Welliver in the chair, and Councillors Myers, Carswell, Malcolm, Galbraith, Botsford and Bortell in attendance.

CORRESPONDENCE.

J. Carlyle Moore handed in a letter to the Mayor, which was a request to the Council to pass a resolution allowing Mr. Moore to advertise the closing of Waskaseo Crescent, and transferring same to R.H. T. Moore in the Advocate of the 12th and 19th inst.

The Town Solicitor said everything was in order and the request could be granted.

Moved by Councillors Botsford and Bortell, that the notice required under Section 27 of the Town of Red Deer Act, for the closing of Waskaseo Crescent and the sale thereof to R.H. T. Moore be inserted in the editions of the Red Deer Advocate of July 12th and 19th inst.

Applications were received from C. Cruickshank and Geo. C. Herbert for the position of overseer of work on town building. Dealt with in Commissioners' report.

Seymour & Dawe reported that before they could give an intelligent report on the intake it would be necessary to take soundings of the river.

John Watkins desired work for several terms. Filed.

Ledie asked information re. C.P.R. exemption from taxes. Filed.

The Mayor of Regina acknowledged the sympathy of the Town of Red Deer, and also returned thanks for a donation of \$100 toward the relief fund of the Regina disaster.

A petition was read from a large number of the citizens asking for a half holiday on July 17th.

The action of the Mayor in granting the request was presented to unanimously by the Council.

The Secretary of the School Board asked for sewer connection for the proposed new school in South Red Deer.

Auditor Allen reported books correct for July 1st.

A deputation consisting of Messrs. Lord, Day and Burckland, of the Exhibition Association, waited on the Council asking that a wing of the domestic building, as well as the main building, be built, at a cost of about \$5,500. He felt Red Deer was going to be a prominent place on the map. The entries were coming in so fast that already the accommodation of the buildings were going to be taxed to the utmost.

The fair will far surpass anything ever held in the town and this building was absolutely necessary.

The Mayor said buildings were to be built at cost of \$5,000. The people had voted \$15,000 for exhibition buildings, but owing to the state of the money market, it was necessary to spend as little money as possible, and the expenditure of \$5,500 for a main building and wing seemed a little expenditure as could be arranged. He felt the Exhibition Association was helping out the Council in this matter.

It was understood that the buildings would be completed by the fifteenth of August.

In reply to an enquiry, the Mayor said it was at first thought the Exhibition Association could get along with the two buildings for which tenders had been asked. Now it is absolutely necessary to accommodate the large number of entries being made, and more room is necessary.

Councillor Bortell thought it a mistake to rush these buildings up with such speed. They cannot be built to a well defined plan unless more time is taken to work out the idea. Unless it was absolutely necessary, he thought it better to lay over the building of the main building until next year.

Mr. Lord said they were working to plans suggested by Mr. Richardson, of Calgary, and Mr. McKinney, of Edmonton, two of the best experts on fair matters in the province.

Finally the following motion was submitted:

Moved by Councillors Carswell and Malcolm, that in accordance with the request of the President and Directors of the Exhibition Association, the Commissioners be authorized to accept tenders for the erection of a domestic building on the Exhibition Grounds, and that they be further authorized to negotiate for the building of a wing to same as per plans submitted by the directors of the Association, and furthermore, that we grant the sum of \$50 and furnish a workman towards the building of a sheep and swine shed and other necessary repairs. Carried.

Chief Meers addressed the Council, drawing attention to the offer made some time ago by the Canadian-American Land Co., through their agent, A. Wylie, of two lots in Englandwood for a sub-fire station. He had inspected the lots and said it would be necessary to take action at once if the offer were accepted, as Mr. Wylie had a purchaser for the property. He thought the lots selected were the best site for a station on the hill.

Moved by Councillors Galbraith and Botsford, that the offer of Mr. Wylie, on behalf of the Canadian-American Land Co., for a fire station in Englandwood, and the offer of the Smith Land Co. of two lots for a fire station in Red Deer West, be accepted without restrictions, and that the thanks of this Council be tendered the donors for their generous gifts. Carried.

It was decided that when the Council adjourned it stands adjourned to Friday evening at 8 o'clock.

ACCOUNTS.

The following accounts were passed:

H. Crane \$11.83, H. V. Hallwell 16.50, Wage sheet No. 4 173.25, Bank of Commerce 577.41, Red Deer Band 125.00, Wage sheet for June 2255.74, J. Tranter 4.12, Imperial Bank 1237.69, Merchants Bank 1348.12, Wage sheet No. 2 32.44, Smith & Gaetz 47.78, Red Deer Steam Laundry 1.12, Gaetz-Cornett Drug Co. 2.75, Alberta Pacific Motor 1.10, Dr. P. McEwan 1.00, Wage sheet No. 3 52.80, Can. Pacific Railway 60.48, C. George 10.00, Merchants Bank 1333.52, Mayor, McRid 100.00, Imperial Bank 77.70, R. Blakey 6.57, Bank of Commerce 858.99, James Baird, Senior, 1100.00, The Great West Lumber Co. 100.04, The Great West Lumber Co. 1395.17, J. M. Carswell 27.50, News Pub. Co. 11.50, J. Cruickshank 1.50, The Edmonton Journal 312.20, A. W. Pad. 25, Baird & McKenzie 15.00, Western Gen. Elec. Co. 10.00, Western Gen. Elec. Co. 63.65, Western Gen. Elec. Co. 375.00, McLean Pub. Co. 3.00, The Herald Pub. Co. 13.20, C. W. Parke 36.00, N. Murphy 1.55, Western Gen. Elec. Co. 12.47, S. E. Putnam 5.00, Western Gen. Elec. Co. 125.00, Ash Lee 10.45, Dr. Parsons 4.00, The Winnipeg Rubber Co. 15.83, Town of Red Deer 24.30, W. Sprinze 5.75, Memorial Hospital 58.10.

Moved by Councillors Bortell and Myers, that the Mayor and Secretary-Treasurer be authorized to sign plans of a re-subdivision of block one of Hillhurst, as submitted by J. Malcolm. Carried.

Council then adjourned to Friday evening at 8 o'clock.

Adjourned meeting, Friday evening, members all present.

COMMISSIONERS REPORT.

Council went into committee of the whole on the Commissioners' report.

1. Commissioner Stephenson is under the directors care and a rest of one month is suggested by the doctor in order to allow him to get permanently well.

2. I myself and myself will endeavor to carry on the work to your satisfaction, and by procuring a stenographer to get out Tax notices we anticipate no trouble during Mr. Stephenson's enforced absence.

2. We have engaged Chas. Cruickshank as Superintendent of Works to supervise the construction of Hospital, Municipal Buildings and Exhibition Buildings at a salary of \$5,000 per day subject to your approval. The Architect also recommends Mr. Cruickshank.

3. We recommend that Jas. McRid be permanently engaged on the Police Force and that uniform be provided for him at once.

4. We recommend that Tenders be asked for the purchase of Hot Air Furnace at present in the Municipal Building, and that sale be made to the highest bidder. This furnace will be no longer required when new steam system is installed.

5. We have raised Charles George's salary by \$10 per month as he now works all his time to office work.

6. We have built fence inside of Track at Exhibition Grounds in order to preserve the proper condition of the track. We propose extending fence completely around at some future date.

7. We have had no word from J.B. Clarke, K.C. regarding the By-laws which were submitted to him for approval.

8. We have authorized Engineer Dave to order a car of tin pipe for Sever at once as we are completely out of same.

9. We have ordered a crossing to be placed opposite Laurina Milk Company's building.

10. Struck out.

11. We have had request from Sports Committee to have water drained off track. We took the matter up with our engineer with a view of making a permanent drain, but found we had not the pipe necessary to make it. We therefore could not make a permanent job at present in time for the opening of the season. We are having the water pumped out on Monday, or sooner if possible, so that the track can be put in good shape for the amateur athletic meeting on Wednesday, 17th.

12. The Mayor has proclaimed a half-holiday for Wednesday afternoon the 17th inst., at request of citizens which we trust you will approve.

13. The Health Board met the Commissioners this week. Present: J. Carswell, chairman, W.E. Lord, T. A. Gaetz, Dr. Collison and the Mayor. The point for consideration was the stagnant condition of the old creek bed. The following resolution was the result of the meeting, and the engineer's report on same we now present for your consideration. Resolution: The Health Board recommends the Commissioners that the Town Engineer be consulted as to the possibilities of draining the old creek bottom between 3rd St. and the present running creek, either by draining into the sewer or draining into the creek, and in case neither of above is feasible, that a centrifugal pump be employed to pump the stagnant water out of said bottom, running same into sewer or Waskaseo Creek, and when the draining is completed the bottom be plowed and the sides plowed to make the bottom filling as high as possible.

14. On the table you will find report of our engineer on extension of Neilson Ave. You can therefore take up the matter laid over from our last meeting of approving the plans of a re-subdivision of Block G and lots 13, 14, plan R2, presented by Messrs. Seymour & Dawe.

15. On the table you will find report of our engineer re. the matter of C.P.R. encroachment on Kingsmill Ave. and Main St.

On the table you will find a lengthy report from our engineer regarding connecting Mann St. hill with Ross St. We prefer your recommendations in this matter as we have not come to a decided opinion on the project.

17. Agreement between the Hospital Board and the Town is still in our solicitor's hands, and no doubt will be ready for signature in a few days.

18. We had our engineer wire the Forest City Paving Co. as to when the paving start work, as the old creek bottom, the Milner hill and the proposed roadway to the property of the Cement Builders, Limited.

19. We submit herewith list of receipts and disbursements for June.

20. We submit herewith list of accounts for your authorization to pay.

21. We received the following tenders for construction of horse barn and cattle barn at the exhibition grounds: Evan Roberts \$5,500, C. T. Elme \$6,500. We accepted the tender of Evan Roberts.

R. B. WELLIVER, Mayor.

The Mayor explained that he and the doctor had waited on Commissioner Stephenson and found him very sick, not so much with rheumatism as with liver trouble, the result of the attack of fever he had while in South Africa. The doctor said he should have a full month's rest, when he would probably be ready for work again. He will remain at his own home.

Councillor Galbraith asked if there were any complaints regarding the police.

The Mayor said there was nothing of any note. He said he was very careful to investigate any complaints made.

He had a very sad case to report. Mr. Horne had seen an old man on the roadside near his place and reported the matter to the police. On investigation it was found that the man was Hugh Wallace and he had been out in the rain over Sunday. The Mayor instructed the police to bring him into town and attend to his wants as an old citizen. He could not then be found, and the Scouts were called out and, after a time, he was found sitting in a slough about a foot or so deep. He was taken in and attended to and placed in the hospital. It was thought he was a little deranged.

The engineers report that the old creek bed on Gaetz Avenue South could be drained and made sanitary for the total sum of \$800. A report of the engineers will be found on another page.

The engineers' report on encroachment of C.P.R. on Kingsmill Avenue showed that the company's freight shed occupied about 40 feet of said avenue belonging to the town. The C.P.R. Co.'s attention will be drawn to the matter.

The Commissioners' report was adopted as amended.

A by-law to authorize the execution of certain agreements with the Memorial Hospital, the agreement between Baird & McKenzie re. the building of Town offices, and with the Day Hardware Co. re. heating of same, was put through its several readings and finally passed.

A motion was put through asking the Commissioners to furnish the Council with a map showing all the property owned by the town.

The Council then adjourned to Saturday afternoon at two o'clock for the purpose of inspecting the old creek bottom, the Milner hill and the proposed roadway to the property of the Cement Builders, Limited.

COMING SOON!

Bark's Big Uncle Tom's Cabin Co. Under a Mammoth Canvas.

One of the many events of the season will be the coming of Bark's big "Uncle Tom's Cabin Co.", which will exhibit at Red Deer, Saturday night, July 20.

A modern feature of this organization is a monster street parade like a circus, consisting of more men, women, children, horses, ponies, donkeys and dogs, chariots, battle wagons, floats, bands of music, etc., than any other similar exhibition on the road. This magnificent Free Street Parade will be seen thrilly on the principal streets and thoroughfares of our city during the day of their exhibition here, and is worth coming many miles to see.

Excursion to Experimental Farm, Lacombe

The Department of Agriculture, in conjunction with the Dominion Experimental Farm, Lacombe, will run an excursion train from Calgary to Lacombe on July 20th to give the farmers and their families an opportunity to visit the Experimental Farm at Lacombe. Meals will be served on the grounds at reasonable rates, and those bringing lunch baskets will have an opportunity to buy tea and coffee on the grounds. Mr. Hutton, manager of the farm, will be prepared to conduct the visitors over the farm.

The following is a schedule and fares for special train:

Going	Journey	Stations	Return	Journey	Round trip fares
7.00 Lv.	Calgary	Ar.	21.15	\$2.45	Child
7.05	Malburg		21.00	2.45	1.25
7.05	Bedfordton		20.18	2.25	1.15

THE RESULT IN SASKATCHEWAN.

The result in Saskatchewan shows conclusively that the whole campaign was fought out on the question of reciprocity by the Liberal party and the crooked election act. Of course, reciprocity had nothing to do with the provincial government of Saskatchewan, nor will the result benefit the cause of reciprocity in any shape or form, but many farmers were led to believe if they voted for reciprocity this time they would get it.

Not only did the Liberals of Saskatchewan drag this question into the campaign, but the entire Grit party throughout the Dominion helped it along. The Toronto Globe, the Winnipeg Free Press, the Montreal Witness, the Vancouver Sun, the Edmonton Bulletin and Calgary Alberta all helped the idea along.

This bringing of federal politics into provincial affairs is to be deplored, as it promotes class legislation and tends to set up the west against the east.

When the Liberal government was appealing to the people in Quebec a few weeks ago reciprocity was kept strictly out of the contest, as that province would have gone Conservative if that had been the cry.

Mr. Haultain's wobbling on the question last fall had not a little to do with the result also, but the greatest factor in the result was the fact that under the new election act from fifty to one hundred Conservative electors were left off the lists in every electoral riding in the province. This was enough to defeat the Conservative opposition hands down, and the result is only what might have been expected after the raw deal handed out to the people of Saskatchewan by the Scott government.

THE HEAT WAVE.

The heat wave in the east last week was very severe and great loss of life resulted, especially among children. In Montreal alone, for the seven days preceding the heat wave, 92 deaths of children under 5 years of age took place. The first three days of last week alone 112 deaths of children under five took place, showing an increase of 65 extra deaths in three days in the one city.

Think of the sorrow caused by heat in that one city, you mothers of little ones, who are complaining of the wet and cold weather of Alberta.

In the same city the water supply is giving out, and the public baths and drinking fountains are closed.

In Pittsburg five deaths, in Philadelphia three deaths, in New York ten deaths, all caused by the heat, took place in one day.

In some parts of the south-western States the crops are almost destroyed by the heat.

The people who are complaining about the wet and cool weather, should count up their blessings.

We have the promise of the greatest crop in the history of the province, and all we need is warm, bright sunshine, and we believe we are now going to get it.

BANK MERGERS.

There is a steady trend towards Toronto and Montreal of the great banking interests of Canada and there are rumors of the formation

of bank mergers which, if consolidated, will be disastrous to the welfare of the Dominion at large.

As an eastern exchange has properly said, the more bank mergers there are the less likelihood will there be of loans and accommodation for the small business man who most of all need help. Let this fact sink home to the minds of the people and there will be such an outcry against further mergers that the government must certainly give heed to it.

In the United States a perfectly solvent bank was forced to the wall and the names of good men connected dragged in the dirt because a dominant and dangerous money trust controlled the situation. Canada has been free so far from this sort of thing, but the trend of affairs leads one to think it will not be long before Canada will be as bad as the United States.

Where the headquarters of a bank is, there the money will be, and there the big interests will be also; and there are no funds left here for the enterprises that may need them in the province.

A RECORD OF GAIN AND LOSS.

Last week we referred editorially to the fact that the Government's loss on the administration of hail insurance had been half a million in three years, and that this business, in which companies charging lower rates were making large profits, the Government had felt themselves obliged to abandon.

Unfortunately for the province, this is not the only matter which the Government have handled at a loss to the people. Take the A. & G. W. There was over a bargain made by a responsible provincial government more calculated to entail loss to the province and gain to unknown but suspected private individuals? This bargain was so rotten that even the Judges admitted in their majority report that many circumstances were extremely suspicious. The proper length of this line should have been 240 miles, the actual distance, but 110 miles were allowed for sidings of the cheapest possible construction. The distance of 350 miles was guaranteed over the same country as the Sifton Government have guaranteed over to Fort McMurray at \$15,000 per mile and to Peace River at the same rate. This difference would have meant that if the A. & G. W. had gone through as it stood, the people would have lost nearly two millions, which somebody else would have made as profit. Who would have been interested in the division of this graft? The average voter has a shrewd suspicion. This one deal is a loss record sufficient to put any government out of business, were it not for the Government machinery for preventing the people giving free expression at the polls to their political opinions.

Mr. Sifton's Government came to power without an appeal to the electorate and straightway took the A. & G. W. matter in hand with a view to its settlement and the result was that abortive thing called confiscation. Here the record of loss took a long step forward, for it is not merely a financial loss which this Sifton policy has brought to the province, but a loss of honor and a loss of prestige and financial credit in the markets of the world.

The province is paying 5 per cent. on the A. & G. W. money which is tied up in litigation, and has already paid two years' interest amounting to \$750,000, and yet we have not even had the use of the money, either for railway building, for which it was subscribed, nor for anything else. Add to this enormous loss the cost of litigation, and the loss of the railway to the vast resources of the northland, and there

is a total loss greater even than would have been the loss by graft had the original scheme been carried out.

The present Government have repeated the A. & G. W. deal in the Edmonton and Dunvegan and B. C. railway, which is the same length, 350 miles, the same guarantee per mile, \$20,000, over the same kind of country, and with the same rake-off as a possibility, but presumably with a different bunch to share the spoils, unless it should be that Cross has corrupted his way back to the Cabinet to be in time for the gathering of the eagles around the carcass.

Another matter which represents a loss to the province is the amendment to the statute with regard to the tax on lands outside of school lands which, prior to the last session, was devoted to education, and which the amendment referred to diverts to general revenue. This money runs into thousands of dollars, and under present arrangements is at the disposal of Order in Council, which means that the Government can practically spend this money as they choose.

But any fair criticism of the Government's record must also take account of what has been saved the province by the wisdom and foresight of those in office. We may therefore call attention to the fact that during the recent session the present Government reduced the hospital grant from 35 cents per day per patient to 25 cents, thereby saving to the government of the province some thousands of dollars. But even this gain is not without its corresponding loss, for it entails on the part of the Government a loss of character and of charity, and it means a loss of hundreds and in some cases thousands of dollars to every city and town in the province where there is a hospital. To bring it right home this reduction will mean to the town of Red Deer a loss of something like seven or eight hundred dollars.

It will be seen from these facts that the province has been robbed in connection with almost every big expenditure which has been undertaken, and that the Government have reduced money grants to the hospitals and have taken away thousands of dollars from education, diverting this money to general revenue and possibly to political corruption.

HURTING ALBERTA'S CREDIT.

(Calgary Herald)

Alberta is paying four and a half percent. on £1,500,000 of treasury notes which Premier Sifton has sold in London. It is understood that the money has been raised in the form of treasury notes because the premier failed in his effort last summer to place regular bonds of Alberta on the London market.

The above facts mean that this province is paying a higher rate of interest for the money it borrows than has been paid even by some Canadian municipalities. Alberta's credit on the London market is not good, and the credit of every Alberta enterprise is affected thereby.

The electors of the province should seriously consider what has been done to them by the two Liberal governments that have administered the affairs of Alberta. The first government "put over" the A. & G. W. deal. It was a bad deal, though not as bad as the actions of the government tried to remedy it. Premier Sifton injured Alberta's reputation when he repudiated a debt contracted in London with the endorsement of the province. The result of his folly is shown in the straits to which he is being put today for funds.

The provincial government has played ducks and drakes with our credit, and if we leave it long enough in power and give it wide enough scope it will greatly injure the fair prospects of Alberta and the business prospects of every man in it.

MEN QUIT WORK

Pittsburg, Pa., July 11.—The heat and storm to-day have lived in yesterday and prostrated many. During the afternoon a severe electrical storm swept through western Pennsylvania, and the thermometer fell from 90 to 67 in less than a half hour.

Dr. A. Haskin, aged 26, while driving from his home in Eldersburg, Westview, was struck and killed by lightning.

Wm. B. Clarke, aged 50, dropped dead after drinking a glass of ice water.

Charles E. Marker, aged 10, died at his home of heart prostration. Christopher Higgins, aged 60, of Bradford, died while walking to work.

Workmen in the steel mills at Homestead, Bradbrook and Duquesne are suffering severely from heat. During the last week the men have been working on two-hour shifts, with a two-hour lay-off between, but many of them collapse, and in one branch of the Edgar Thomson mill today 2/5 men quit and will return when the weather moderates.

The Cadets at Calgary

Mr. Youmans reports the cadets had a good time in spite of the rain and cold wind.

A fully equipped hospital catered to the few sick ones. There were none wounded, but ice cream, pop, peanuts, fresh bread, rain, hot sun and cold winds.

After three days' instruction in squad company and battalion drills, and in signalling, scouting, etc., the boys were given a practical illustration of the value of field tactical exercises by a sham battle on the fourth day, the Blues, Edmonton and their allies, against the Reds, Calgary and their allies, the Red Deer contingent being among the Browns.

Mr. Youmans interviewed a number of the boys and procured the following survivors' stories of the sham battle:

On Monday morning, June 24th, our teacher, Miss Hartley, gave us out some bills about the training camps the following week.

My mother gave me her written permission to go, and I was looking eagerly forward for a while at Tuesday.

I packed my grip and on Tuesday, July 2nd, we started for camp on the special train at noon, and arrived at Calgary at half past four. We lined up at the station and marched to the army, and lined up inside. After a while Mr. Brown called us into a back room and gave us some biscuits and peanuts. After that I asked Mr. Youmans if we might go outside. He said "Yes, if you keep coming in to see when the rain is ready." We played outside, firing stones into the river and at an old building, till I saw them getting sleepy ready. We had corn, beef, ham, salmon, bread, cheese, and coffee.

After washing my dishes I went down town for a while. They were making the beds when I came back, so I helped them. We took off our shoes and played on the beds till dark, then we lay down to sleep—some of us did, others kept up a made a noise. Some woke at three or four o'clock and awakened the rest of us. We all went down to the river and had a wash. Then we had breakfast, then I went with some other boys across the river and viewed the mountains and the city. Then we had a muddy time getting to the cave and back again. Then we marched to the street cars, rode to Mount Royal and marched to the camp.

Mr. Moore showed us a large tent for our headquarters.

I was not in the battle on Saturday, for I was on duty clearing up the cook room till the half past half past four, but I saw part of it.

STORY NO. 4.
George Dickson, of Norwood school, Edmonton, who was in the battle, said: "Our boys were ordered out 'with small hats on.' Our company was on the right flank and marched two miles to a little valley, where they served out fifteen rounds of ammunition each. Major McGregor called all of our officers aside and then made the plan of the battle.

The companies marched off as the Major had directed the captains. Then we took our distance 'six paces apart,' and marched to the top of the little hill on which we were to fight. Our company was on the right flank and marched two miles to a little valley, where they served out fifteen rounds of ammunition each. Major McGregor called all of our officers aside and then made the plan of the battle.

again Edmonton obtained no more runs, but they managed to work in 2 more in the 9th. Red Deer got 5 runs in the first on some little hits and several errors, and again in the 4th they got three more, and their final tally in the seventh, which was just enough to win the game. Red Deer played good ball but Edmonton was weak at times. The score by innings—
Edmonton 000100052-8
Red Deer 50030010x-9

THURSDAY'S GAMES.
At Edmonton on Thursday Heinrich was given a practical illustration of the value of field tactical exercises by a sham battle on the fourth day, the Blues, Edmonton and their allies, against the Reds, Calgary and their allies, the Red Deer contingent being among the Browns.

Mr. Youmans interviewed a number of the boys and procured the following survivors' stories of the sham battle:

On Monday morning, June 24th, our teacher, Miss Hartley, gave us out some bills about the training camps the following week.

My mother gave me her written permission to go, and I was looking eagerly forward for a while at Tuesday.

Major McGregor called all of our officers aside and then made the plan of the battle.

The companies marched off as the Major had directed the captains. Then we took our distance 'six paces apart,' and marched to the top of the little hill on which we were to fight. Our company was on the right flank and marched two miles to a little valley, where they served out fifteen rounds of ammunition each. Major McGregor called all of our officers aside and then made the plan of the battle.

LATE ELECTION RETURNS AWARD SCOTT 42 SEATS

Conservatives Are Sure of Six Constituencies, and Four Are Still in Doubt

Liberals Hold Parade in Honor of Victory.

Regina, July 13.—The political situation shows little change, returns of the election received up to midnight not materially changing the standing of parties. Six seats are now credited to the opposition, and in four seats the results are still uncertain, very few returns having been received. It is likely, however, that three of these will go Liberal, and at most the Conservatives do not expect to do better than split even on the four seats. While detailed figures will not be available for some days, the popular majority is likely to be large, successful candidates on both sides winning out by large majorities.

The Liberals held large demonstrations in the city last night, upwards of 150 decorated automobiles joining with the parade, with several bands in decorated floats. Forty-two cars carried banners inscribed with names of ridings known to have been won by the Liberal candidates. Returns received up to 11 o'clock last night show the following results:

LIBERAL MEMBERS ELECTED. 42
Arm River—G. A. Scott (opponent loses deposit).
Battleford—S. S. Simpson, 817 majority.

North Battleford—D. M. Findlayson, 300 maj., five polls to come.
Biggar—C. H. Caythorpe, safe, 65 maj., 19 polls to come.
Camington—J. D. Stewart, 304 maj., two polls to come.
Canora—J. D. Robertson, 22 maj., seven polls to come.
Eagle Creek—George Harris elected.

Estevan—George Bell (opponent loses deposit).
Francis—W. G. Robinson, 401 maj., three polls to come.
Gull Lake—Dr. Lochead elected.

Hanley—Dr. MacNeill, 434 maj.
Humboldt—Hon. A. Turgeon, 731 maj., and takes deposit.
Kerrobert—George Watson, 500 maj., six polls to come.
Kindersley—Hon. W. R. Motherwell, elected.

Kinistino—E. H. Devlin elected.
Last Mountain—S. J. Latta, nearly 600 maj.
Melfort—G. B. Johnston, 165 maj.
Milestone—B. Larsen, 192 maj., one poll to come.
Moose Jaw County—J. A. Sheppard elected.

Moose Mountain—R. A. McGee, 97 maj.
Mooseomin—A. S. Smith elected.
Morse—Rev. Leach, 27 maj., several to hear from.
Pelly—J. K. Johnston elected.

Pheasant Hills—A. B. A. Cunningham, 392 maj., final.
Pipstone—R. J. Phin, 14 maj.
Quill Plains—W. H. Paulson elected.

Red Berry—George Langley, elected by several hundred.
Regina City—J. F. Hole, 302 maj.
Rosthern—Merhard Enz, elected.
Saltcoats—Hon. J. A. Calder, 800 maj.

Saskatoon City—McNab, maj. 110.
Saskatoon C. county—Hon. W. C. Sutherland, elected.
Souris—R. P. Forsythe, 44 maj.
Swift Current—Hon. Walter Scott, 204 maj., one poll to come.
Thunder Creek—Alex. Boudreau elected.

Touchwood—G. M. Atkinson (opponent loses deposit).
Tramping Lake—Jas. Scott elected.
Vonda—A. F. Totke (opponent loses deposit).
Wedana—H. A. Pierce, 375 maj., approximately.

Weyburn—Dr. Mitchell, 500 maj.
Yorkton—T. M. Garritt elected., large majority.
Willow Bunch—S. C. Wright elected.

CONSERVATIVES ELECTED.
Lumsden—E. C. Tate elected.
Moose Jaw City—W. B. Willoughby, maj. over 100.
Prince Albert—J. E. Bradshaw, 159 maj.

Northrup Appelle—J. A. MacDonald, maj. 33.
South Qu'Appelle—F. W. G. Haultain, maj. 300, approximately.
Maple Creek—D. J. Wylie leads by 150, with seven polls to be heard from, and is likely to be elected.

NOT ALL IN.
Lloydminster, Pinto Creek (no returns), Rosetown, Shellbrook (about even so far. Deferred elections will both go Liberal. Athabasca and Cumberland, Total, 54 seats.

District Pass Agent, Winnipeg

Glance Over The Top Edge

Of the turn down collars we have hundered. You'll find the edge is perfectly smooth, 1" moulded into exact shape and that the fold exactly follows the seam. Does not stick up in the back, on one side or on one end.

Our shaper not only folds the collars with a perfectly smooth edge, but it shapes each end just as it is intended to be.

It's worth investigating

DUKE OF CANNAUGHT TO VISIT RED DEER

Itinerary of Royal Tour in Alberta

An official statement has been sent out from Government house, Edmonton, giving the itinerary of the Duke of Cannaught while in Alberta. While his stay in Red Deer will only be one hour, from nine to ten in the morning of Sept. 5th, it will be long enough to show the Governor-General of this great Dominion that he has no more loyal subjects in Canada than are to be found in our fair town. Red Deer has the proud distinction of being the only town in the province of Alberta honored by a visit from the vice royal party. The full announcement is as follows:

His royal highness will arrive in Edmonton on the morning of Tuesday, September 3, next, and will remain there until 11:30 the next evening, when he will entrain for Calgary, stopping at Red Deer from 9 to 10 o'clock the next morning and will arrive in Calgary at 2 o'clock p.m., the 5th. The duke will remain in the vicinity of Calgary until the 8th, and will officially open the irrigation works near Gleichen on the 7th.

His Royal Highness will then tour British Columbia, and on returning will visit Macleod on the evening of October 8, remaining there until 3:30 the next afternoon.

The party will arrive in Lethbridge at 6:15 p.m., of the 9th, and will remain there until 10 o'clock the next evening and will spend the morning of the 11th in Medicine Hat.

British Liberals Greet Mr. Borden

London, July 8.—The attitude of the Liberal press towards the visit of the Canadian cabinet ministers is, throughout, one of unaffected welcome. The Star, the most Radical of London evening papers, says today:

"Men of all parties are in the warmth of their greeting to their kinsmen. The fact that Premier Borden has taken Sir Wilfrid Laurier's place makes no difference to us Liberals. He is a Canadian and that is enough for us. We gladly recognize that there is something far higher than politics, namely, our common heritage and the hope of the British race. It is to preserve and develop that heritage that Premier Borden has crossed the Atlantic. Whatever Canada may do to help us maintain that command of the seas which is the supreme necessity of our existence, we shall accept, not merely with gratitude, but brotherly comradeship. We are one race; we stand together!"

Premier Borden returned today from a week end visit to Donald McMaster at Asinibon Law lines with him privately tonight.

Tomorrow, with his conference, he sees the great review of the fleet at Spithead, after which the Canadian minister, with the exception of the Premier, are being entertained by Winston Churchill on board the admiralty yacht Enchantress. Mr. Borden himself returning to London to fulfil a dinner engagement with Mr. Harcourt, the colonial secretary.

Little Relief From Heat in New York

Ten Died Yesterday by Heat—Whole State Still Suffers.

New York, July 11.—The heat wave which began to make itself felt in the eastern section of the country on July 4, continued yesterday with the temperature above 90, causing a score or more of scattered deaths and general suffering.

The first rain seen in two weeks fell in the shape of a few drops after sundown, and although it did not qualify as a real shower, it was followed by cooling breezes.

In this city the official temperature was 91 as compared with 93 Tuesday, but, notwithstanding the slight improvement, there were ten deaths. A year ago it was 95 degrees here. Boston and other New England points reported temperature above 95, with scattered deaths and many prostrations.

A BAD SIGN

If Your Hair Falls Out When Combining the Hair.

Falling hair means that the roots of the hair need strengthening; they need a tonic and they ought to have it mighty quick.

If you will go to Gaetz-Cornett Drug & Book Co., they will sell you a large bottle of hair tonic for 30 cents, that is guaranteed to stop falling hair and itching of the scalp and cure dandruff in two weeks or money back.

The name of this almost magical preparation is Parisian Sage, and it can now be obtained in nearly every town of importance in Canada. Beautiful women in the metropolis are large users of Parisian Sage, because they have learned that it makes the hair soft, beautiful, lustrous and lustrous. Parisian Sage is not sticky or greasy, and is the most delightful hair dressing in the world. Fifty cents at Gaetz-Cornett Drug & Book Co., or direct, all charges prepaid, by the Canadian makers, the Giroux Mfg. Co., Fort Erie, Ont.

W.C.T.U. COLUMN

(Contributed)

HINTS TO THE WISE BOY.

Mr. O. M. Stiffney, teacher in a business college in Elkhart, Indiana, gives the following testimony:

A young man employed by an ice company as delivery man, had become so enslaved by the cigarette habit that his memory was almost entirely useless. He would deliver ice on one street, and within an hour would start over the same route with no recollection of the previous delivery. On account of his incompetency he lost his job, and later came to our college to enroll for the bookkeeping and stenographic courses. But his memory was so impaired that his progress was slow, although he had given up cigarettes and had taken a pipe. After a great deal of arguing and encouragement we induced him to give up tobacco in every form, and very soon a marked difference was noticed in his appearance as well as in his school work. He completed his course, and is now holding a responsible position. No young man who would succeed in business should have anything to do with the cigarette.

Edwin C. Dinwiddie, national electoral superintendent of the International Order of Good Templars, says: "It is my firm conviction, after years of observation, that the cigarette is most injurious and productive of evil, both physical and moral, to those who use it."

I will state further that there are two or three cities in this which have a larger city debt than Des Moines, and each one of these cities has more saloons than has Des Moines. About the time of the closing of the saloons in Muscatine, I visited that city. My attention was called to the vacant buildings caused by the closing down of the saloon business, and I will admit the old town did look bad, for the breweries had placarded the windows of these buildings, calling attention to the deplorable condition of things. Two years from this time I again made an examination of the accounts of the above-mentioned city. I found every one of these empty buildings occupied by some legitimate business. New business blocks had been erected, no banking interest had already erected a very commodious cement structure, and another had its foundation started. A business man told me conditions were better, as the laboring people were able to pay for what they bought.

"I asked one of the city officials as to what he thought of the change and he said he had been converted to the change, as he was an officer in one of the banks and the small savings deposits in his bank had increased over one hundred thousand dollars, and by enquiry he had found the deposits of the other banks had increased accordingly."

"After discovering the facts I have here enumerated, I am convinced the saloon is a curse to any city."

ALCOHOLIC INTEMPERANCE.

"You may spade up the ocean as much as you like, and harrow all the bottom of the sea, but the winds will still lead the tide, and the winds will form their surface."

This is Oliver Wendell Holmes's way of saying that you cannot change the ocean. It is just as impossible to change the great sea of human life by misdirected effort.

We are in the midst of a terrible struggle against intemperance. The excessive use of alcoholic drinks is an unmitigated evil, attended with the most disastrous physical results—so startling that it makes this one of the great economic questions before the civilized world today.

But to restrict temperance or intemperance to the use or non-use of alcoholic liquors is simply restricting one's efforts only to the fruits gathering. To expect to wage a successful warfare against this gigantic evil in this restricted sense is like cutting off the branches of a tree in order to kill it. The tree only grows stronger and produces more branches. When the great prophet Isaiah, in the wilderness, heard the voice of the Lord saying, "And now also the axe is laid unto the root of the trees." We must apply this principle to the tree of intemperance, and then permanent success will crown our efforts.

Intemperance, in whatever form, has its beginning in the home; and therefore the solution of the great problem lies largely in home training. Educators may educate, and preachers may preach, but if fathers and mothers do not practice, but little will be accomplished.

Children who are not early taught self-control, and who are not restricted in what they eat and when they eat, who are fed on highly seasoned foods and an abundance of meat, with the later use of tea and coffee, are rearing early but forced lessons in intemperance, and subsequently this is manifested in greater excess of temper and passion.

"Every perverted appetite becomes a warning lust."

The principle of temperance should be carried out in all the details of home life. Self-control should be taught to children, and enforced upon them, as far as is consistent, from babyhood. They should early learn to eat to live and not live to eat.

The body is the masterpiece of creation, and therefore should be given as sacred regard as an individual gives to his character and good name. The object of life is the formation of a right character, which will make one a useful member of society. Nothing so effectually defeats this great purpose as intemperance. A writer has said: "The most profoundly efficacious temperance man is the temperate man. Not by wind power, not by water power, but by power of example, he becomes a prophet. His conduct is a moral proscriptive act. His practice preaches. His influence enforces constitutional

amendments to the habits of his associates and observers." Every individual should be of this kind of temperance worker.

F. M. Rossiter, M. D.

Alberta Government Pays High Price for London Money

Provincial Credit Damaged.

London, June 25.—There was much question among the Anglo-Canadian financiers today when it was disclosed that the province of Alberta had just placed about £1,500,000, six months treasury through the London bank at the remarkable price of 4 1/2 per cent. Six months bills of two secondary Canadian cities and one other were also placed, having simultaneously placed at 3 1/2 per cent. Alberta's record figure, which recalls the occasion when in the Alberta and Great Waterways railway was floated here at a price far above the market, may be expected to tend to penalize every city and province borrowing money on an equal security for temporary accommodation, pending the hoped for improvement in the issue conditions.

Springvale Notes

(Crowded out last week)

Mrs. Thos. Burdell, of Winnipeg, is visiting at her uncle's, Mr. J. G. Gammow.

Miss E. G. Reynolds, B.A. of St. Hilary College, is visiting at the Springvale Parsonage.

Mr. Metro. Ponch, of Paken, spent a few days with Kervin Brown, Balmora.

Rev. F. J. Johnson, S.T.B. Methodist conference evangelist, assisted by Mr. Campbell, of Iowa, are holding special services at Balmora every evening until July 21st.

Miss Mary Medall, of Springvale, left on Tuesday to take up duties in the Paken hospital to relieve Miss Brown for a few weeks.

Springvale Sunday School intend holding their picnic on July 12.

SIXTY-NINE KILLED IN MINE EXPLOSION

Fatalities Minimized by Presence of Royalty as Few Miners Were Below.

Cuniborough, Eng., July 10.—The bodies of sixty-nine victims of a series of explosions in the Cadeby colliery this morning have been brought to the surface. It is feared that a further search of the mine will increase the death toll to 80. Of the killed 30 were mine workers, the others were men who went into the pits to rescue those entombed. Among these were three government inspectors, including Wm. Henry Gammow, chief inspector of Yorkshire and North Midland district, who was to have explained to King George and Queen Mary this afternoon the workings of another Yorkshire colliery.

The King yesterday visited a colliery adjacent to the one in which the explosion occurred today. The presence of their majesties in the district greatly minimized the fatalities, because the miners were celebrating the fact that they had taken a holiday. Therefore, instead of the usual 136, only 32 men were working in that part of the mine where the accident happened. Thirty of these were killed outright, and one, manager of the pit, was brought up alive, but died tonight. The first explosion which killed the miners occurred early in the morning. It was followed by an explosion about five o'clock in the afternoon, which resulted in the collapse of the roof, overwhelming the rescue brigade. The King and Queen visited the scene last night and personally expressed their sympathy.

Insect Stings and Summer Sores

Insect bites and stings, blistered feet and sunburn! These three things, or any one of them, may spoil some days of your vacation, or make your work a bore. Zam-Buk is the remedy you need. It takes the "burn" out of these red, inflamed patches where the sun has got home on you; it eases bad mosquito bites, and it soothes and heals blistered feet and hands.

In the hot weather young babies suffer greatly from heat spots and chafed places. Here, again, Zam-Buk will give almost instant ease. Mothers should always keep Zam-Buk handy, and should use Zam-Buk soap for baby's bath.

For cuts, burns, and more serious skin diseases, such as eczema, blood poisoning, etc., and for piles, Zam-Buk is absolutely without an equal. All druggists and stores 50c. box or Zam-Buk Co., Toronto.

VARICOSE VEINS CURED

NO NAMES USED WITHOUT WRITTEN CONSENT.

Confined to His Home for Weeks.

"Heavy work, severe straining and evil habits to youth brought on Varicose Veins. When I worked hard the aching would become severe and I was often laid up for a week at a time. My family physician told me an operation was my only hope—but I dreaded it. I tried various ways but soon found out I was of no use to much. I told him my condition. He advised me to consult Dr. Kennedy & Kennedy, as he had treated many from blood poisoning and here they were square and gone. I tried them and got cured. I became a healthy man. My progress was somewhat slow at first, but I continued treatment for three months longer and was rewarded with complete cure. I could only say that a week in a month shop before treatment, now I am earning \$24 and never loses a day. I wish all sufferers knew of your valuable treatment."

HENRY C. LOCUST.

HAS YOUR BLOOD BEEN DISEASED?

BLOOD POISON is the most prevalent and most serious disease. They say the very life blood of the victim and unless entirely eradicated from the system will cause the most complicated forms of disease. It may suggest two symptoms—our BIRTHDAY comes all blood disease.

READER: Are you a victim? Have you lost hope? Are you intending to marry? Has your blood been diseased? Have you any venereal disease? New Remedies for you. What I just done for you, I will do for you. Consultation Free. No matter who has treated you, write for an opinion Free of Charge. (Fills Free—No Quackery, No Deception, No Deceit.)

COMPANY

LOCAL AND GENERAL

The building permits for June were \$33,040.

Miss Ripley is the guest of Mrs. J. J. Gaetz.

Mrs. Irwin Hamley has returned from the east.

A live, growing, developing property—Red Deer West.

"The Diamond Cipher," our new story, starts next week.

Are you getting ready your exhibits for the flower show?

Mr. and Mrs. Brishin are visiting their daughter at Kelowna, B.C.

The Misses Miller, of Strathcona, are visiting Mrs. Beaumont, Rtd Deer West.

Commissioner Davison is away on a trip to Moose Jaw, Kamloops and the coast.

Butternut bread—it weighs more, it is richer and tastes better—At Hobart's.

Those who can grow good flowers are getting an unusual chance to win some money.

I arrived home from England without striking an iceberg; ready for work now—Robert Gee.

Robert Gee returned from his visit to England last week, bringing his sister and brother-in-law with him.

Mr. and Mrs. R. L. Gaetz and family left for the coast Wednesday.

Mr. Gaetz will see the family settled before returning.

Mr. and Mrs. Donald Smith left Friday last for Vancouver, where they will be the guests of the latter's brother, Dr. McMain.

Miss McKillop, vocal teacher of St. Margaret's College, Toronto, is visiting some of her pupils in the west, and at present is the guest of the Misses Brumpton.

Captain Keast brought in some fine large new potatoes last week.

The Captain is one of the best authorities on the cultivation of potatoes in the province.

W. R. Edmond, of Winnipeg, father of Mrs. L. M. Gaetz, is in town for a short time. His nephew, Mr. Gibson, accompanies him. They are on their way to the coast for a visit to friends there.

Commissioner A. T. Stephenson is ill with liver trouble, caused by after effects of fever, contracted during the South African war. He will be confined to the house for a month or more the doctor says.

Mr. and Mrs. H. Middleton Smith, from Calgary, are guests at the home of Mrs. H. S. Stent. Mr. Smith is a nephew of the late Henry Sumner Stent, and comes from Southsea, Hampshire, England.

Roy H. Trout, of Blackfalds, after advertising his pigs for sale in the News twice, writes: "Kindly withdraw ad. as I have sold 110 pigs and 17 sows in eight days. Am sold out of pigs except 3 registered." It pays to advertise.

M. Mecklenburg, A.M., the celebrated and 35 year experienced, eye specialist, of Archibald Block, Edmonton, will again be at the Arlington Hotel, Red Deer, July 18th to 25th.

Spectacles, eye glasses and artificial eyes the very best at moderate charges. Absolute satisfaction guaranteed.

On Saturday last two men from Massachusetts called at the Board of Trade office. They had booked their passage direct to Red Deer as a result of correspondence. They said the part that appealed to them in the description of the country was the presence of trees and the report that the district excelled in dairy and stock raising.

The funeral of the late George J. Hamilton took place Wednesday afternoon last under Masonic auspices, there being a large number of brethren in attendance. The Rev. W. G. Brown conducted the service, the Masonic portion being conducted by the Worshipful Masters of the two lodges, Bros. Springbett and Coote, and Rev. Bro. Pearson. The church was crowded.

The leaflets issued from the Board of Trade office showing the growth of the town are evidently doing good work, as inquiries are received because of their circulation in the outgoing mail of the citizens and of the immigration officers. Inquiries have been received from points as far distant as Kansas, Maine and California, Eastern Canada and British Columbia, and a number from Great Britain and even from France.

The July meeting of the Women's Missionary Auxiliary of the Methodist Church was well attended. Miss Robinson, one of the society's representatives in a work among foreign girls in Edmonton, gave an address which was illuminating and powerful, as Miss Robinson related incidents in the lives of her girls at one hundred and full of pathos. She won the deepest sympathy of her hearers, who in future will follow her work with a more intelligent interest.

A settler who had been here only a few months dropped into the Board of Trade office and gave the Commissioner his impression of the country. He was very enthusiastic and gave the names of some people in his own part of Washington who might be interested in coming to Alberta, and to whom literature was sent. On Friday last, just a year to the day, two fine looking fellows dropped into the Board of Trade office to see the exhibit, and on inquiring it was found that they had come from Washington, from the home town of the first settler. His boasting has persuaded them to come up, and the Red Deer district is richer for two good settlers.

"The Diamond Cipher."

Have you tried Hobart's butternut bread?

There are over sixty people living on Red Deer West.

Remember—Hobart's is the place for high class confectionery.

Japanese suit case, \$1.85. Express charges from \$1.00 to \$2.75.—J. C. Brazier.

Private sale of furniture at Mrs. S. A. Richardson's, 141, 1st St. South. See ad.

Good quarter out oak dining-room suite, nearly new, for sale cheap, at Mrs. S. A. Richardson's, 141, 1st St. South.

Mr. Carscadden has moved his general furnishing establishment to the premises lately occupied by Parker's drug store.

Parker's Drug Store has been moved from the old stand to the store next door, formerly occupied by H. L. Gaetz's dry goods store.

John Wood Has Narrow Escape

John Woods lost his team of valuable horses in the river last Friday. The team were driven into the river, as was the custom, to wash the ice in the wagon, but owing to the river being higher than usual, the horses plunged forward and were washed off their feet by the swift current.

Mr. Wood, in speaking of the accident, said he had been accustomed to drive into the river for years, and as usual he drove in up to his horses' knees, when without warning they dropped into deep water and dragged the wagon along.

The wagon toppled, and Mr. Wood was thrown into the river. How he escaped he does not know, as he cannot swim, but before he could get his scattered senses well together he found himself on the river bank a quarter of a mile down the river.

The horses were both drowned. He thinks the high water shifted the river bed, cutting a channel where he had been accustomed to drive, raising the accident.

A quiet wedding was celebrated at the residence of Mrs. John D. MacKinnon, Third Street North, on Friday afternoon, July 5th, when her daughter, Miss Julia, was united in marriage to Mr. T. W. Ensign, of Leslieville. Only the immediate relatives of the family were present.

The house was tastefully decorated for the occasion, and Miss Edith MacKinnon greeted the bride with the wedding march from Lohengrin. Rev. John Bennett officiated.

Mr. and Mrs. Ensign are spending their honeymoon at Sylvan Lake, prior to going to their home in Leslieville, where the groom is a popular energetic farmer and business man in that district. The bride was handsomely remembered with many beautiful gifts, among them being those from the firm and staff of Smith & Gaetz, with whom she has been the faithful and efficient book-keeper for years. Mr. and Mrs. Ensign will have the best wish of a host of friends of the family for their future happiness.

The Twelfth at Wetaskiwin

A large number of Red Deer Orangemen and their friends journeyed to Wetaskiwin on Friday last to take part in the big demonstration at that point.

There were some five or six thousand visitors present, and the great day in the history of the Order in the province was the result.

Red Deer Citizens' Band did not bring home the Piper silver cup, but they feel proud of vindicating their honor by beating Wetaskiwin band. Calgary's fine military band took first, Strathcona second, and Red Deer came third.

The tug-of-war was also lost to Red Deer, the big men all being absent, except Frank Piper, Calgary winning the contest after a hard pull.

The Red Deer contingent returned to town late in the evening, without accident, a happy but tired crowd.

RED DEER LAWN TENNIS CLUB.

This club is having a most successful season, and its first big tournament is now well under way.

It has been found necessary to increase the membership fee to \$3.00 for gentlemen and \$1.50 for ladies, and all members are asked to remit the additional amounts to the Secretary as early as possible.

The rules are as under:

1. That no player shall occupy a court for more than one set unless a five minute interval has elapsed.

2. That no singles shall be played when all courts are full and other members are waiting to play.

3. That balls shall be provided by the player.

4. That no player shall use a court unless wearing tennis shoes.

5. Visitors may be introduced as holiday members on payment of 25c per week.

6. Membership fees must be paid on or before July 15th.

Any desirous of joining the club should apply to the Secretary, P.O. Box 446, or to any of the following members of the committee: Rev. C. W. G. Moore, Dr. M. McKillop, Messrs. J. G. Pope and C. Johns, Mrs. H. Cornett and Miss Daniels.

Be sure and read the new story starting in The News next week entitled "The Diamond Cipher."

Moves to New Premises.

Our enterprising druggist, G. B. Parker, has moved into the large and commodious premises lately occupied by H. L. Gaetz, one door west of his old stand, where he hopes to meet, not only all his old customers, but many new ones. This greater accommodation will allow him to give his large and ever increasing business the attention it deserves. His cramped quarters in the old stand did not allow of the display of goods to his satisfaction, but now he can show himself to the utmost capacity. Mr. Parker is one of our most highly respected citizens and the News wishes him all success and bespeaks for him a large share of public patronage.

United States Leads In Olympic Events

The United States have had a sweeping victory in the several track and field events at the Olympic sports. They came first with 128 points. Sweden has 104, Great Britain 62, Finland 43, Germany 34, France 23, South Africa 16, Denmark 13, Italy 13, Canada 13, Australia 13, Belgium 11, Norway 10, Hungary 8, Russia 5, Greece 4, Austria and Holland 2 each. McArthur, of South Africa, won the most popular event, the marathon race. Other sports will continue some time yet.

Correspondence

To the Editor of The News.

Dear Sir,—I noticed in your last issue a letter regarding Mr. Steve Wilson, which I think treats him unjustly. Other letters have appeared, also, which try to belittle him. As an old settler, I am led to believe the writer is a lonehead. Mr. Wilson is not only one of the old timers, but, as homestead inspector for some time, had an opportunity of travelling this country in all directions, and knows it like a book. I say, more power to his elbow, and hope he will not stop in his efforts to get us good roads. Hoping you will fix this up to suit the occasion, Mr. Editor, I remain, Yours, OLD TIMER.

Evarts

The tennis games on Friday afternoon and evening proved very interesting.

Mr. Gieselman had a raft of lumber come down from the mill for his new residence.

D. S. Smith spent the first of the week at his home in Leslieville.

Miss Walter is out for her holidays.

Is it the weather that is keeping so many people at home on Sunday?

If the rains continue the people living out west will need boats to cross the river.

The mail made better time Friday. Mules do not travel very fast, and are not very suitable for a mail carrier.

A big time is expected in Evarts the nineteenth of July.

Sylvan Lake

The A.C.R. ferry gang has moved to Blackfalds, and the friends journeyed to Wetaskiwin on Friday last to take part in the big demonstration at that point.

There were some five or six thousand visitors present, and the great day in the history of the Order in the province was the result.

Red Deer Citizens' Band did not bring home the Piper silver cup, but they feel proud of vindicating their honor by beating Wetaskiwin band. Calgary's fine military band took first, Strathcona second, and Red Deer came third.

The tug-of-war was also lost to Red Deer, the big men all being absent, except Frank Piper, Calgary winning the contest after a hard pull.

The Red Deer contingent returned to town late in the evening, without accident, a happy but tired crowd.

RED DEER LAWN TENNIS CLUB.

This club is having a most successful season, and its first big tournament is now well under way.

It has been found necessary to increase the membership fee to \$3.00 for gentlemen and \$1.50 for ladies, and all members are asked to remit the additional amounts to the Secretary as early as possible.

The rules are as under:

1. That no player shall occupy a court for more than one set unless a five minute interval has elapsed.

2. That no singles shall be played when all courts are full and other members are waiting to play.

3. That balls shall be provided by the player.

4. That no player shall use a court unless wearing tennis shoes.

5. Visitors may be introduced as holiday members on payment of 25c per week.

6. Membership fees must be paid on or before July 15th.

Any desirous of joining the club should apply to the Secretary, P.O. Box 446, or to any of the following members of the committee: Rev. C. W. G. Moore, Dr. M. McKillop, Messrs. J. G. Pope and C. Johns, Mrs. H. Cornett and Miss Daniels.

Business Announcement

J. W. Ross, who opened a tailoring establishment in room 8, post office block, has already received so much support that he has taken a partner in the person of Charles James Smith, and the company will be known as J. W. Ross & Co. in the future. The room has been nicely fitted up, and the firm guarantees all the work. Besides cleaning and renovating all kinds of gents' clothing, they make a specialty of made to order garments. Mr. Ross has had an experience of 26 years at the business, and Mr. Smith 18 years, and they make first class suits for men and up. They want your trade. Give them a trial, and you will be satisfied.

IT PAYS TO USE
GOOD TOOLS but
the best is no better
than the cheapest when
it is dull.

A SHARP SICKLE takes half the
work off your horses. In fact
sharp tools always make easy work
and save time and energy.

OUR GRINDSTONES are easy running, mounted
on wood or steel frames, turned by crank or
treadle and will put a keen edge on an ax or hatchet,
scythe or sickle in a few minutes.

WE ALSO HAVE whetstones, and emerystones, as
well as oilstones for mechanics tools.

WE price such goods on a mighty close margin, for
we sell good tools and want them to do good
work.

The Day Hardware Co.
WE STAND FOR PROGRESS

LOANS

The Directors of one of our Loan Companies were here recently, and advised us that we could loan out \$100,000 during next 30 days, on improved town property, and unlimited funds on improved farms.

Loans are put through promptly and with a minimum of expense with interest at 8 per cent per annum. This is a straight company, no monthly payments and can be secured if desired with all the principal money repayable at end of term, by paying interest only every six months. Let us give you full particulars of our loans.

HAIL INSURANCE

We have completed arrangements with a responsible company to handle this business for us at rates, which we think, will compare favorably with any company doing this class of business.

NOW IS THE TIME TO INSURE.
